

## **Woodfield Chevrolet - Corvette Technical Clinic Day Saturday, May 10<sup>th</sup>**

Woodfield Chevrolet has invited all of our Club members to attend their Corvette Technical Clinic Day on Saturday, May 10<sup>th</sup> in the Service Department of their dealership at 1100 W. Gulf Road in Schaumburg.

Their Woodfield Corvette technicians will be performing service demonstrations and answering customer questions. It will be your chance to ask all those maintenance and performance questions that you have been carrying around for days, months or even years.

There also will be an after-market parts vendor, a Corvette tool vendor, a detail/car wax vendor (demonstrating his products), and an oil company representative present to talk about their products for Corvettes. Woodfield Chevrolet has also agreed that we can have a Sunburst Corvette Club information and membership material table at this event. We will have a signup sheet at the April and May Membership meetings, if you would like to help staff the Sunburst table that day.

Woodfield Chevrolet will also be providing free coffee and donuts and a free lunch to all attendees. (See Woodfield Chevrolet's new ad in this month's Newsletter.)
