Message from the President

President
Ron Gliot

June 2017

We have moved another month closer to summer, yet Mother Nature seems to keep teasing us, from sunny and warm to cool and rainy.....let's hope the summer moves solidly to sunny and warm!

I have been getting a lot of emails about cruise nights and local car shows that I have been passing on to our new Cruise Director, Ken Monroe. Make sure if you hear of any new events to send them over to Ken to get on our calendar! Once we get past Memorial Day, it seems you can attend a cruise night or show most any day or night all summer. My new personal favorite is the Cruise Night at the Arboretum in South Barrington. Loads of cars, many nights live music and plenty of eats.

For those of you getting out to these shows/events, make sure to get flyers about the Sunburst Strut Your Stuff Car Show. Being this show is now an open show, make sure you drop a flyer in any car at any show. When you are chatting with Vette owners, don't forget to also mention the SCC Autocross Event.

Another area I want to mention is when you run into other Vette owners, make sure you talk up our club, and let them know the fun they are missing. We can all help promote ourselves as fun folks who love seeing all Vette owners join us. We have quite a stack of club business cards, so let me know if you would like some to help those potential club members remember us. Wouldn't it be cool, if in our 40th Anniversary year we hit a membership record. We are only about (10) members away from that landmark.

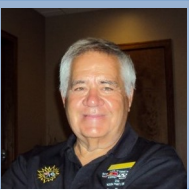

I want to encourage every member to not be shy, and bring forth any idea for any kind of event or drive out. Your Board and others are ready to help and coach you, and new ideas keep our club fresh. Volunteer, step forward!

Remember, this is your club, not mine, not the Board's, but all of ours and with that step up, and be part of the fun.....

Keep the shiny side up and the dirty side down!!!!

Ron Gliot

June 2017

Hello Everyone

Everything is on track for all the Sunburst event in August and September.

Mike Moushey and I are meeting with MCC this week to finalize our auto cross on August 5th and 6th.

Mike Stevens has the fun rally and poker run on Aug 12th well in hand and Gary as always is working every day to put on a great car show on Sept. 17th.

Remember to volunteer to help at these events if you can.

Mehlinae and I just drove back from Quincy Illinois for a weekend auto cross. Everyone got sunburned on Saturday and dressed in layers on Sunday but still had a great time. We will be flying out to Phoenix on Friday looking forward to seeing our grand kids.

Everyone have a great holiday weekend parading and eating!

Rollin' For Chicken or Get your Cluckin, Vette Out – It's Spring!

April 23, 2017

The first rolling event of the Sunburst activity year took place on Sunday, April 23rd. A beautiful spring day was ordered and delivered for this drive out. Over 20 cars gathered at Galati's Hideaway in the spring sunshine. For some members, it was the first time they got to "show off" their new babies that were acquired during the dismal winter months. Of special note, it was so great to see so many new members join us for their first Sunburst event.

We departed Galati's at 2:30 and took a leisurely drive through McHenry and Walworth Counties. Most notable were the "hoop de dos" on Alden Rd, north of IL 173. Traffic signals and traffic itself, prevented us from driving parade style and arriving at our destination as a group.

Rollin' For Chicken or Get your Cluckin, Vette Out – It's Spring!

April 23, 2017

After 90 minutes we arrived at Crandall's in Hebron, IL, one of Sunburst's sponsors. A few members decided to meet us there instead of taking the scenic route. The staff at Crandall's quickly served the thirsty and hungry members. From the reaction of those present, it looks like we'll be making another trip to Crandall's for their world famous chicken

Hawk Chevrolet All Corvette Show Joliet, IL April 30, 2017

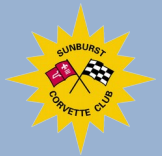

Sunday, April 30 was one rainy day. A group of Sunburst members decided to prove that fiberglass wouldn't melt, by driving down to Joliet, IL for Corvettes Unlimited indoor car show at Hawk Chevrolet. The event was limited to pre-registered cars only, due to space limitations at the dealership.

Once there, Ron Gliot, Gary Gembala, Paul Baumgartner, Mike Rosendahl, Tom Marks, Harold Sanders and Mike Stevens feverishly cleaned up their "Wet Vettes". The indoor show featured a great selection of Vettes, swap meet vendors, and a huge number of spectators. Our very own Jan Seputis was there representing Vetteran Automotive. The people's choice voting produced three trophies for Sunburst members: Ron Gliot, Mike Rosendahl and Mike Stevens were fortunate enough to take home trophies from the first car show of the year.

Vettes Viewing Vermont - 2017 By Sunburst Corvette Club Sept 30 to Oct. 7, 2017

Part of the Vermont Trip
Will be the Church Street Market in Burlington ,
VT and The Rock and Roll Hall of Fame in
Cleveland, OH hosted by Cruised Director Ken Monroe

The trip is about having a good time with Sunburst members and enjoying a kaleidoscope of colors against the backdrop of the Green Mountains. What I looked for is: Scenic highways, top tourist attractions, double stay hotel locations, low mileage in Vermont, something special.

If, at all , interested....send me your email address to:
winemaster4@comcast.net. I will provide a fact sheet with web site references.

Keep cruising
Vern and Judy Chapman

WRIGHT WRIDE 2018

Have you heard of Fallingwater? It's a magnificent home designed by Frank Lloyd Wright in a stunning setting astride a waterfall. Built in the 1930's, it is located about 60 miles SE of Pittsburgh PA. For those interested in architecture or FLW, it should be a must see. Marilyn and I toured Fallingwater in 2011 and have decided to make a return visit. We think it might interest other Sunburst members.

Planning Information:

Here are some basics. Links with more details are supplied below. Distance is 550+ each way. Four days/3 nights.

Saturday, May 5, 2018 – Assemble, then depart after breakfast. Drive 150 miles to South Bend IN. The Studebaker Museum (cost: \$8, \$6.50 over 60) <http://studebakermuseum.org/> or the Campus at the University of Notre Dame <http://map.nd.edu/> are proposed sites to visit. Lodging and Dining TBD

Sunday, May 6, 2018 - Drive approximately 400 miles and overnight near Fallingwater. Lodging and dining venues TBD.

Monday, May 7, 2018 – Tour Fallingwater beginning at 8:30. These will be the In-Depth Tours, approximately 2-hours in length. Interior photography will be permitted. Tickets are \$80 per person and tour groups (we may require more than one) are limited to 10 people each. Abundant springtime flora adds to the experience.

Consideration:

Walking and Stair Climbing are involved for this tour. It is a ¼ mile walk between the Visitor Center and house. There are approximately 100 stairs throughout the multi-level house tour. No facilities or seating available in the home.

For any visitors with limited mobility, a shuttle is available to/from the Visitor Center and house.

Add-On Option:

Kentuck Knob -Nearby is another FLW home designed in the 50's and of his Usonian style. Tickets are \$25 and tours are approximately 40 minutes in length. This is a second FLW home tour which could be added Monday afternoon.

Monday, May 7, 2018 - (Continued)

Lunch at Fallingwater Café in the Visitor Center. Drive approximately 150 miles toward home to a hotel - maybe around Akron OH.

Or, drive approximately 300 miles to Findlay, OH and schedule a tour of Dietsch Bros. <http://www.dietschs.com/> – our 40th Anniversary Banquet candy purveyor. Lodging and restaurant TBD

Tuesday, May 8, 2018

Return home, approximately 400 miles from Akron. Or, tour the candy factory and drive approximately 325 miles from Findlay, OH.

Tour and Ticket information about Fallingwater: www.fallingwater.org

Tour and Ticket information about Kentuck Knob: www.kentuckknob.com

Even if you only think you might join us we would like to know soon to begin searching for lodging and dining. Tickets for 2018 go on sale mid-December and sell out far in advance. Will require payment by then to guarantee the house tour.

RARE OEM (N73 Option) Corvette Magnesium wheels set of 4 . Manufactured by Speedline in Italy for GM, they are no longer available. They were a \$2000 to \$3000 option depending on model year. They were also limited to Exported Corvettes and an estimated 233 sets were sold domestically. These wheels are in very good condition. There is no curb rash or cracks on any of the wheels. There is a small scratch that was touched up on one of the rear wheels by the valve stem. The inner wheels are also in very good condition with a few marks from wheel weights and stones. I had purchased these rims in 2014 and installed New 2001 to 2004 tire pressure sensors at that time. The tires have a good amount of tread left. There is some inner tire wear on the front tires. Also included are the lug nuts, locking lugs with key and the lug nut covers.

2017 Charitable Organizations

Honor Flight Chicago was founded to recognize Chicago-land's World War II and Korean War veterans by flying them all-expense-paid to Washington DC for a day of honor, remembrance and celebration. Currently we are flying WWII and Korean War veterans, but we are accepting applications from Vietnam War veterans for future flights. After we have reached out to all WWII and Korean War veterans who are interested, we will begin flying Vietnam veterans to Washington DC.

The Build Team was born out of a shared vision to give back to the community. What started as a brief discussion on a Sunday afternoon, led five business and professional leaders to come together to help local families in financial need with essential home repairs. The Build Team was launched in 2014 with the commitment of efficiently and effectively utilizing its resources and donations to meet those charitable objectives for families in Northwest Cook and surrounding counties in Illinois. The Board of Directors approved our first project in June. In August, the IRS approved our tax exempt status as a 501(c)(3) charitable organization.

Miraculous Multiples Mothers of Twins Club (MMMOTC) is a non-profit support and social group for mothers (or expectant mothers) of multiples (twins, triplets, or more) in the McHenry County area. Membership is open to all mothers of multiples (natural or adoptive).

Pioneer Center for Human Services is a 501(c)3, non-profit charitable organization that provides direct services to thousands of individuals each year. The organization also provides education and outreach to schools and community organizations reaching over 10,000 additional individuals.

Crystal Lake Corps

The Salvation Army is an International, Evangelical Christian Church dedicated to providing individuals worldwide with spiritual, physical, social and emotional support. Our organization is made up of thousands of officers, soldiers, adherents, employees, volunteers and other individuals all working together to bring the Gospel of Jesus Christ to all people, as well as struggling to meet the physical needs of those less fortunate.

The Salvation Army is a nonprofit, tax-exempt charitable organization under Section 501(c)(3) of the Internal Revenue Code. Donations are tax-deductible as allowed by law.

Corvette History and Interesting Facts

C6 The Refined Performance Corvette (2005 - 2013)

2010

2010 saw the return of the legendary Grand Sport model nomenclature but with less exclusivity than the 1996 limited edition of only 1,000 special VIN-sequenced, uniquely painted blue & white cars.

The 2010 Grand Sport model replaced the Z51 performance handling option and features the base LS3 engine but is equipped with the wide body panels, larger wheels/tires, and other parts derived from the Z06.

2011

Two Z06 exclusive options debuted in 2011. The CFZ Carbon Fiber package featured black carbon fiber splitter, rockers, roof panel and body-color ZR1 style full-width rear spoiler while the Z07 Performance Package had Brembo ceramic brakes, Magnetic Ride Control, larger Michelin Pilot Sport 2 tires and competition gray 20-spoke wheels

The ULZ Carbon Limited Edition package for the 2011 Z06 was created to celebrate Corvette's 50th Anniversary at Le Mans.

2012

To celebrate it's 60th Anniversary, GM offered a special 60th Anniversary package available on all 2013 Corvette models plus a 427 Convertible Collector Edition.

Black was not available as an exterior color in 2012 in favor of the special Carbon Flash Metallic paint featured on the Centennial Edition.

The 2013 60th Anniversary Package featured an Arctic White exterior with blue Diamond leather-wrapped interior with suede accents, An optional graphics package added full-length racing stripes in Pearl Silver Blue and a tonal stripe stitched into the convertible top.

2013

The 2013 Corvette 427 Convertible Collector Edition was the fastest, most capable convertible in Corvette's history, blending elements from both the Z06 and ZR1 models.
