President

October 2017

Welcome to Fall! While many think of hot apple cider, crisp Fall air and football, us Vette owners ponder Atomic Orange, Victory Red or Velocity Yellow Corvettes wandering through the woods in camouflage wonder, melding with their environment! Yes, we are a bit warped at times, well at least myself!

We had an incredible 40th Anniversary season, kicking off with a formal dinner, taking a trip to the National Corvette Museum, and winding up with a great picnic! Supporting these functions was a very successful Autocross event and the Sunburst Car Show looking to really fill our coffers and allow us to be good citizens and contribute to our charities at year end. By September we had set a new record in membership, and with a few months to go we should even further break that record. Sunburst is such a great place to be and enjoy our Corvettes with common interests! When talking with local Corvette friends, make sure to always spread the great story about Sunburst and invite them to visit us.

As of this writing a number of members are ready to hit the road through Vermont in what promises to really be a great Fall color show, a trip this club has never done, until now. Yet another group will be heading to St. Jude in Memphis to visit and spark the children and make donations to help the efforts at that great organization. Along with this some will be seeing the ghost of Elvis...at least after a few beverages on Beale St. Beyond the organized trips, always feel free to call out a Flash Drive in the area, as Fall is a great time to take a nice roll in the woods or country, or simply to eat! Don't forget as the air chills to set your sights on the annual Christmas Party as well, coming up in December.....

Remember, if you don't do it this year, you'll just be one year older when you do!

Save the Wave!!!!

Can you believe – October already! Still, there remain many weeks of driving weather before we call the season to a close. Fall offers beautiful scenery, and some of it is relatively close. Take a trip north into Wisconsin or West along the Mississippi or Rock Rivers. You'll find some winding roads, maybe pick some apples, watch the fall harvest and be away from city congestion. Invite your friends to come along and make it a mini-event – which we call Flash Drives.

Some of us will be traveling to Vermont to do the same – view fall colors via Corvette. I've never been through the Allegheny's or into Vermont this time of year so wish us safe travel and we'll have pictures and stories to share.

Our Officer Election will soon be held. Campaigning at Sunburst isn't like that in the National arena. It's an opportunity for members to offer their guidance for the club. I have held the Vice President position during 2018. It's actually been fun and relatively easy. My self-assigned undertaking has been fostering member involvement and welcoming new members while working with the Board and Committees. But, I have decided not to run again because we have many new members and I don't wish to hold on to an office, rather encourage new faces to take a more active role while I coach from the sidelines.

October 2017

Hi Everyone

We have had a great year with no real conflicts. We had a very successful auto cross and as of this letter from Arkansas it sounds like we had a very profitable Car Show.

As you all should know our annual board elections are coming up. Nominations will start for those that will be at Oct meeting or if you can't attend contact Karen Baird for an absentee ballot.

I have enjoyed representing the club for the last year plus but it is time to me to move on (no pun intended) This is your club so your input is always welcome

Thanks Again

Sunburst Corvette Club September Membership Meeting Minutes –9/07/2017

Opening 6:58 PM • Acknowledgment of greeters – Lee & Mehlinea Douglas filling in for Cathy & Gary Gembala

• Introduction of guests and visitors - Bill Mumford

Jim and Sophia Kuharich of Huntley – they have a 2017 LT1 Red and they joined the club tonight! Tim and Toni Baldwin of McHenry, they have a 1998 light blue coupe, and they joined the club tonight too! The other guests were Andy and Mary Pollina- they have a 2011 Orange Grand Sport.

• Approval of the minutes from the membership meeting of 8/3/17, Karen Baird and Forrest Roberts 1st and seconded the motion to approve the minutes.

• Corvette arrivals- None this month- stay tuned though....

Officer Reports

• President - Ron Gliot- Welcome! We've had a great summer of activities and the fall should be brisk- Maybe the hurricane will bring us snow???

• Special Award- Fickle finger of fate is a traveling award for mishaps during a club event- 1st Mike Moushey received this for his AutoCross incident of blowing a power steering hose. THEN it traveled to Mike & Pat Stevens at the Fun Rally there was an issue with a dead battery in the spare key- and hilarity ensued while the story was told- Mikes, Version, Pats Version and Joani Downing's vivid addition.

• Vice-President - Forrest Roberts- Nothing to report in the VP position, but as the Car Show registration hat on, he passed around the Car Show volunteer's clipboard asking for more help in needed areas. He reminded the members that tonight is the LAST opportunity to save \$5 if registration for the car show happens tonight

• Treasurer - Lee Thorson – August Bank ending Balance is \$11,708.37

• Secretary - Risa Murphy- Nothing to report- too busy writing.....

• Governor - Lee Douglas – Thanks to everyone who has helped out in chapter events- The Auto Cross, the night before a group of 20 cars decided to come to our event as a separate event was rained out- so that really upped the participation in our Auto Cross event! Lee also gave out some National NCCC awards - in 2016- Mike Stevens was presented the award for SCC placing 10th overall in the nation in points for participation. Mike Smosna and our website were 2nd in the nation! Congrats! Lee talked about our car show coming up- so please volunteer! It's a great way to be involved in a club event and to help the club raise funds for our charities. Last weekend, at an AutoCross event in Rockford, Lee brought along some guests. They had so much fun that on the way home they stopped and purchased a corvette!!

Past President- Mike Stevens- The Sunburst Auto Cross had 73 cars the first day- Total of \$5,000 was the amount raised in the Auto Cross event- some of this \$ will be shared with the other hosting clubs. Our Peers are saying some really nice things about our club, so that's great news!

Standing Committee Reports

• Membership - Bill Mumford 165 Members as of today (PS- After the meeting- guests joined, so 4 new members)

Then asked how many people know how to get to the Wiki site from our website? 40th Anniversary Picnic September 9th

On September 9, 2017, the 40th Anniversary Committee hosted the 40th Anniversary Celebration Picnic. Over 95 club members attended and we all enjoyed a beautiful day! A little food was eaten, games were played and good conversation was had by all.

Thanks to all that made this a fabulous event!

Sunburst Annual Car Show September 17th

What a show. Ninety three car enthusiasts attended our Struttin' Ur Stuff car show on Sept 17, 2017. The show was our first ever All Makes, All Models.

Saturday late afternoon approximately 20 members met at Martin Chevrolet. We set up tents, registration tables and laid out the parking lot. Finishing off the evening with dinner at the Crystal Lake Rib House.

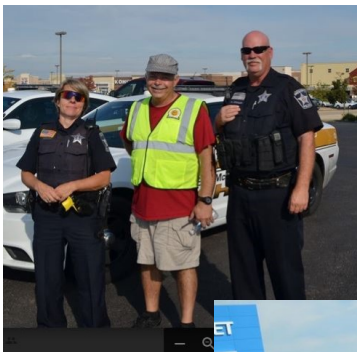

An early bell on Sunday morning as we started to meet at Martin Chevrolet starting at 6 AM to complete the set up. In my opinion this was the easiest show to set up since being the chairman of the car show.

Sunburst Annual Car Show September 17th

The show contained several different ways to earn a trophy. They included NCCC Concours, People's Choice, Loudest Exhaust, Charity Choice and Sponsor Awards. And for the first time since chairing the show we started the award ceremony on time and finished just after 3 PM.

Our silent auction was positioned in the center of the show along with charity and sponsor booths, And lastly we held our 50/50 drawing selling a record amount of tickets and I'm guessing our highest ever 50/50 pot.

WRIGHT WRIDE 2018

Have you heard of Fallingwater? It's a magnificent home designed by Frank Lloyd Wright in a stunning setting astride a waterfall. Built in the 1930's, it is located about 60 miles SE of Pittsburgh PA. For those interested in architecture or FLW, it should be a must see. Marilyn and I toured Fallingwater in 2011 and have decided to make a return visit. We think it might interest other Sunburst members.

Planning Information:

Here are some basics. Links with more details are supplied below. Distance is 550+ each way. Four days/3 nights.

Saturday, May 5, 2018 – Assemble, then depart after breakfast. Drive 150 miles to South Bend IN. The Studebaker Museum (cost: \$8, \$6.50 over 60) <http://studebakermuseum.org/> or the Campus at the University of Notre Dame <http://map.nd.edu/> are proposed sites to visit. Lodging and Dining TBD

Sunday, May 6, 2018 - Drive approximately 400 miles and overnight near Fallingwater. Lodging and dining venues TBD.

Monday, May 7, 2018 – Tour Fallingwater beginning at 8:30. These will be the In-Depth Tours, approximately 2-hours in length. Interior photography will be permitted. Tickets are \$80 per person and tour groups (we may require more than one) are limited to 10 people each. Abundant springtime flora adds to the experience.

Consideration:

Walking and Stair Climbing are involved for this tour. It is a ¼ mile walk between the Visitor Center and house. There are approximately 100 stairs throughout the multi-level house tour. No facilities or seating available in the home.

For any visitors with limited mobility, a shuttle is available to/from the Visitor Center and house.

Add-On Option:

Kentuck Knob -Nearby is another FLW home designed in the 50's and of his Usonian style. Tickets are \$25 and tours are approximately 40 minutes in length. This is a second FLW home tour which could be added Monday afternoon.

Monday, May 7, 2018 - (Continued)

Lunch at Fallingwater Café in the Visitor Center. Drive approximately 150 miles toward home to a hotel - maybe around Akron OH.

Or, drive approximately 300 miles to Findlay, OH and schedule a tour of Dietsch Bros. <http://www.dietschs.com/> – our 40th Anniversary Banquet candy purveyor. Lodging and restaurant TBD

Tuesday, May 8, 2018

Return home, approximately 400 miles from Akron. Or, tour the candy factory and drive approximately 325 miles from Findlay, OH.

Tour and Ticket information about Fallingwater: www.fallingwater.org

Tour and Ticket information about Kentuck Knob: www.kentuckknob.com

Even if you only think you might join us we would like to know soon to begin searching for lodging and dining. Tickets for 2018 go on sale mid-December and sell out far in advance. Will require payment by then to guarantee the house tour.

2017 Charitable Organizations

Honor Flight Chicago was founded to recognize Chicago-land's World War II and Korean War veterans by flying them all-expense-paid to Washington DC for a day of honor, remembrance and celebration. Currently we are flying WWII and Korean War veterans, but we are accepting applications from Vietnam War veterans for future flights. After we have reached out to all WWII and Korean War veterans who are interested, we will begin flying Vietnam veterans to Washington DC.

The Build Team was born out of a shared vision to give back to the community. What started as a brief discussion on a Sunday afternoon, led five business and professional leaders to come together to help local families in financial need with essential home repairs. The Build Team was launched in 2014 with the commitment of efficiently and effectively utilizing its resources and donations to meet those charitable objectives for families in Northwest Cook and surrounding counties in Illinois. The Board of Directors approved our first project in June. In August, the IRS approved our tax exempt status as a 501(c)(3) charitable organization.

Miraculous Multiples Mothers of Twins Club (MMMOTC) is a non-profit support and social group for mothers (or expectant mothers) of multiples (twins, triplets, or more) in the McHenry County area. Membership is open to all mothers of multiples (natural or adoptive).

Pioneer Center for Human Services is a 501(c)3, non-profit charitable organization that provides direct services to thousands of individuals each year. The organization also provides education and outreach to schools and community organizations reaching over 10,000 additional individuals.

Crystal Lake Corps

The Salvation Army is an International, Evangelical Christian Church dedicated to providing individuals worldwide with spiritual, physical, social and emotional support. Our organization is made up of thousands of officers, soldiers, adherents, employees, volunteers and other individuals all working together to bring the Gospel of Jesus Christ to all people, as well as struggling to meet the physical needs of those less fortunate.

The Salvation Army is a nonprofit, tax-exempt charitable organization under Section 501(c)(3) of the Internal Revenue Code. Donations are tax-deductible as allowed by law.

Two Minute Tech Tips

Jim
Downing

The C6 and C7 both use an emergency key to get into the car if your fob battery or the main car battery dies. The early C6's had a separate key which you can keep in a different pocket from the fob, in case you lose the fob or lock it inside the car by accident. The later C6's and the C7 have the key stored in the fob itself, released by pushing a button on the side.

The C6 usually requires a hard squeeze on the button and a hard pull on the key.

The C7 key sometimes comes out by itself. Is that progress?

Once you get the key out of the fob, it goes into a keyhole just above the rear license plate, pointing up. Wiggle it a little to be sure it's fully inserted, then twist slowly but firmly. If you're worried about breaking the key, have a helper push downward on the trunk lid moderately to take some pressure off the lock. When the trunk pops open, the alarm will usually go off and you'll jump 4 feet into the air. It shuts off after a few seconds but seems like forever.

Once you have the trunk open, there is a pull tab on the left side near the rear.

(The C6 has a second tab to open the gas filler door, the C7 does not.)

Pull smoothly but firmly on the tab, some cars need only a few inches of pull and others need more. The driver's door latch will be released and the alarm may go off yet again, but if the main car battery is dead then the alarm won't sound and the window will not index down and the door itself needs to be pulled firmly to open.

If the main car battery is dead, then you'll need a jump start. But if it's just your fob battery, there is a slot in the car where you can place the fob and it will work even with a dead fob battery.

In the C6, open the glove box and the slot is outside the main section, on the left side.

Place the fob in the slot with the buttons facing toward the right side.

In the C7, the slot is on the right side of the steering column, about where the key used to go on older cars.

Place the fob in the slot with the buttons facing up.

Start the car normally, but you may need to hold the start button for several seconds and press it more than once. Don't give up easily, be patient and try several times for several seconds each.

Hint: The time to test the emergency key and door tab is on a nice sunny day, not at midnight during pouring rain in the wrong part of town. Just put in some ear plugs for that pesky alarm.
