# Message from The President

President  
Loren  
Doppelt

Sunburst members:

It is May and I would like to wish the Sunburst Moms a very Happy Mother's Day! You are all very special and hope everyone has a great day celebrating!

April started off to a great start with a Flash Drive to the Prime Quarter Steak House in Janesville, WI. Thank you, Forrest and Marilyn, for organizing it. We had a great turnout with existing and new members! It is so nice to see new members participate and find out how much fun our events can be. The weather held up and it was so nice to get our Corvettes out! This was followed up by the 1<sup>st</sup> annual Sunburst Top Golf outing. We had another great turnout and it didn't matter whether you were a scratch golfer or a duffer! We all had a great time. Thank you goes out to Andy and Nancy for setting up the outing.

At our April Membership meeting, Mike Stevens announced the NCCC Volunteer winners. The Sunburst members who were recognized for 2021 are: Mike Waters, Mike Moushey, Jim Downing, Mike Stevens, Joanni Downing, Julie Thomas, Dave Thomas, Mike Rosendahl, Andy Pollina, Loren Doppelt and Jack Schneider. Thank you all for volunteering and participating.

Our event calendar is filling up fast. Your Sunburst Board has just approved 5 more events including a Performance shop tour and 2 parades. As you know we are celebrating our clubs 45<sup>th</sup> anniversary and the committee is doing a great job with fun events including a picnic and a mini fall color run! You can always check our Sunburst Website and the event calendar for dates, and watch your email for more information.

Speaking of our website, I want to thank Gary Gembala for all the work he has done to upgrade our Sunburst Corvette Club website. It is truly a first-class website. You can find out everything that is going on in Sunburst. If you want to organize and plan an event, the form is now online which makes it easier to submit it to the Board for approval. There are lots of other upgrades too! If you have not gone on it recently, make sure you check it out.

Have a great May!

Save the Wave!

Governor  
Mike  
Stevens

May, 2022

Greeting Sunburst Members,

Hopefully, those April showers have brought plenty of May flowers by now. I also hope you've gotten to put some miles on your Vette and smiles on your face with the warmer weather. May marks the first full month of competition within the Midwest Region. May 14 and 15, Windy City Corvettes is hosting a two day autocross at the Tire Rack Facility in South Bend, IN. Windy City Corvettes is also hosting a Car Show on Sunday, May 22<sup>nd</sup>, at Corvette Mike Midwest, in Burr Ridge, IL. To get a copy of the flyers go <[mwregion.com](http://mwregion.com)> and click on the link for flyers.

The Midwest region is also hosting a three day autocross event on Memorial Day weekend, in Rantoul, IL. This event is a major fund raiser for the region and proceeds are used for the administration of region events and the annual awards. This will be the first time the region has used "the new" section of the old Chanute Air Force base for autocrossing. We are all hoping for a good turn-out of racers and workers for this weekend. Good participation numbers will allow the region to avoid the dreaded "head tax" on all sanctioned events.

Sunburst has a few members that will participate in autocrosses throughout the season. Mike Moushey, Jim Downing, Matt Waters, J.R. Hottenrott, Karen Hottenrott and myself can be found on an autocross cross from time to time. If you're ever interested in seeing what this hobby is all about or if you're interested in giving it a try, contact one of us. We'll be more than happy to share our experiences and get you started.

The Midwest Region Governors will be meeting in St. Louis on May 7<sup>th</sup> and I plan on attending both the regional and national meetings. Top on the list of Agenda items is the nomination of candidates for a number of National offices. At the regional level we will be discussing the budget and the concern over the shrinking number of racing venues.

One of the highlights at every national Governor's meeting is the drawing for a set of Michelin tires. Every month, Dale Samuelson, the NCCC president mentions this in his monthly letter to the membership. There is also a page donated to the raffle in every Blue Bars magazine. Tickets are \$25 each. I know that Club members Rich and Kris Orr were lucky winners a couple of years ago. The funds go to St. Jude's Children's Research Hospital.

Here's to some good weather and fun times with our cars and friends. Hopefully we'll see you at some regional events this season. Expand your horizons, get out of your comfort zone, meet new Vette enthusiasts and have the time of your life!

**Mike Stevens**, Governor

Buckle Up And Race To The National Corvette Museum With The Most Famous Toy Vehicles On The Planet, Hot Wheels®

Original Article By [Mariah Hughes](#)

All roads lead to Bowling Green, KY as the National Corvette Museum opens *Hot Wheels™: Race to Win™*. This new family exhibit will get visitors revved up with immersive activities for three generations of Hot Wheels® fans. There's something for parents, grandparents, and today's youngest Hot Wheels fans. *Hot Wheels: Race to Win* will make a pit stop beginning May 27, 2022, continuing through September 25, 2022, at the National Corvette Museum.

Introduced by [Mattel](#) in 1968, Hot Wheels have come a long way, both in the diecast and life-size varieties. More than 800 models and 11,000 variations of Hot Wheels cars have been created and more than 4 billion Hot Wheels diecast cars have been sold.

"Generations of children have enjoyed the thrill and speed of racing with Hot Wheels, and this new interactive exhibit

now brings families together to learn what brings racing to life in a fun and memorable way,” said Julie Freeland, Senior Director, Global Live Events & Attractions, Mattel.

In the exhibit *Hot Wheels: Race to Win*, visitors can be part of a dynamic race team working together to build and test the fastest and safest speed machines on the planet using Hot Wheels diecast cars to experiment and play. This behind-the-scenes look at the thrilling world of racing investigates the scientific process for designing super-fast cars and helps families who have the need for speed understand how it is achieved. The exhibit was created by [The Children’s Museum of Indianapolis](#) in partnership with Mattel.

“This family learning experience provides hands-on opportunities for parents to explain complex physics concepts in fun ways utilizing the popular Hot Wheels toy cars as they experiment with different principles to see which makes a car go fastest,” said Jennifer Pace Robinson, president and CEO of the museum that produced the exhibit, The Children’s Museum of Indianapolis.

Children and families will love the Pit Stop Challenge in which they can race the clock – and their family and friends – to change tires and refuel cars. A 6-lane downhill speed track, booster

power track, adjustable angles track, and timing track are just a few of the ways visitors will be able to test their theories regarding the science of racing and cause and effect. Real race car parts, authentic artifacts, and captivating memorabilia including Corvettes from the National Corvette Museum’s collection will round out the

experience.

According to National Corvette Museum President and CEO Sharon Brawner, “We are eager to showcase the *Hot Wheels: Race to Win* exhibition at the National Corvette Museum for Hot Wheels fans of all ages to experience the history of America’s sports car in an educational and interactive space. The Corvette’s long-standing representation within Hot Wheels is one that carries across generations and we can’t wait to see the appreciation for both brands at our museum. This Limited Engagement Gallery Exhibition will be a place where everyone feels like a kid.”

## NCM Corvette Raffle

The National Corvette Museum conducts a series of raffles each year as a way to raise funding for the day-to-day operations of the Museum. The raffle fundraisers are a tremendous help to the Museum and a large part of our planning and daily operation funds.

All raffle winners will also enjoy the benefits and excitement of taking delivery of their new Corvette at the Museum as part of the “R8C Museum Delivery” experience. A VIP tour of the Museum and Corvette Assembly Plant (if available), one-year individual membership to the Museum, hands-on training/instruction by a NCM delivery team member, program decal and a wall plaque are all part of the Museum Delivery experience that is available exclusively through the Museum. R8C deliveries are viewed world-wide via the Museum’s webcams.

### Opening

President Loren Doppelt called the meeting to order at 7:00 pm. Our greeters were newer members, Eric and Vickie Kiernan.

We had two guests present: Chuck Hoffer, who lives in Algonquin, and is a retired veterinarian; and Bob Renwick, who lives in Rockford. There were no new Corvette arrivals.

**Sponsorship - Mike Moushey** indicated that we highlight a sponsor each month in our newsletter and also presented the levels of sponsorship. Mike reiterated that we should help support our sponsors.

The website is up-to-date for the car show. To register, go to the webpage, under the events tab, choose 'Struttin' Ur Stuff Car Show', you can either chose the on-line registration tab or the flyer & registration form tab. If you register on line, after you complete your car's information and submit payment, you will get a follow-up email confirming that your registration and payment have been received. OR you could print a hard copy of the registration form from the flyer and registration form tab, fill it out, write your check, and mail it to Dee Rosendahl.

Gary stated that he needs help with posting to Facebook and/or working on the Club website. New member, Eric Kiernan, was an IT person, and he may be able to help Gary with the Android issue.

To date we have funded 16 wells, which come at a cost of \$7,500 each and that is an average sale of 200 mittens. Since we started 7 years ago we have made over 3,000 mittens and made \$112,500.00. All of our mittens are handmade using recycled wool or cashmere sweaters that have been donated or purchased at resale stores. We are dedicated to raising as much as we can, using 100% of our profits, and finding the most competent and economical resource to build clean water wells in deeply impoverished areas of the world.

## Pioneer Center for Human Services

Pioneer Center provides three pillars of Human Services to the McHenry County community. Our Intellectual & Developmental Disability (IDD) Services programs promote independence by offering life skills, community inclusion, vocational training and residential programs, each striving to help every person live life to their fullest potential. Behavioral Health Services (BHS) is a collection of programs designed to help youth, adults and families succeed. The support ranges from therapy at our Child & Family Therapy Center, residential program to community support wherever the individual is in need. We operate a 24 hour PADS Emergency Homeless Shelter meeting people's most basic human needs of shelter, food and community support through programs that are designed to assist people experiencing homelessness.

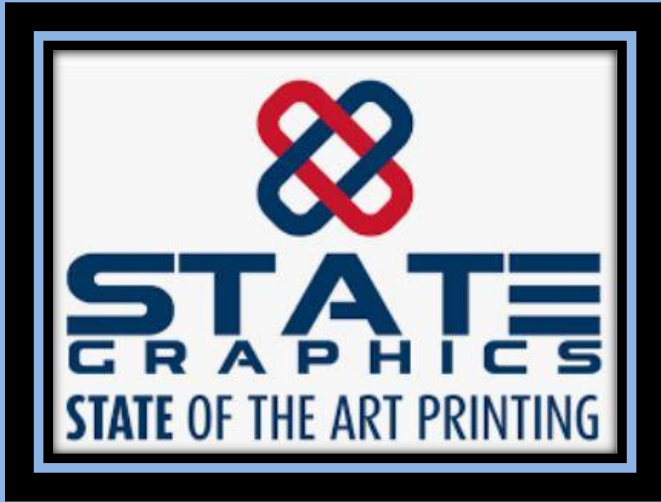

## **Purrfect Cat Rescue**

As animal lovers, we have dreamed of creating a non-profit 501c3 rescue organization in which we could place cats into forever homes with the utmost loving families. Our mission is simple: rescue, shelter, and re-home cats in need. Our goal is to provide a cage-free, no kill shelter environment for the kittens and cats waiting to be placed. We have the perfect building for our rescue. It has everything for our furry friends. Lots of space for cat trees and kitty beds, loads of room for them to stretch and exercise and lots of windows to watch the birds while awaiting their new forever home. An isolation room for newcomers to adapt and get medical attention, a kitten room for our littlest friends. Come for a visit and fall in love today!

## **Healthy Lombard**

Ten community organizations joined together in the Village of Lombard in 2009 to make a difference in the health of future generations. They created Healthy Lombard, a non-profit, 501c3 initiative, to address the epidemic of childhood obesity and to promote a healthy lifestyle for everyone. In an effort to address the stress-related trauma children and their families are experiencing because of COVID, in 2020, Healthy Lombard added a Social-Emotion component to its resources for healthier living.

In exchange for your annual sponsorship fee, your sponsorship level business ad will be published in the award winning monthly **"Sunspots"** newsletter and also posted on our website with a link to your business website. Your business will also be highlighted at our monthly meetings on your initial sponsor month and each anniversary date you renew. You will also receive a recognition sponsorship plaque to promote your support for the club. Additionally, our membership takes pride in supporting our sponsors throughout the year.

Please feel free to review our website referenced at [www.sunburstcorvetteclub.com](http://www.sunburstcorvetteclub.com) to view the newsletter and more information on our various activities and the sponsorship pages.
