# Message from the President

President  
Ron Gliot

July 2017

**Summer has dropped upon us hard and fast as at the time of this writing it is in the 90s and a perfect time to pop the top and get some sun and fun!!!!**

**If you haven't been getting out and having fun with your Corvette you are not trying very hard.....so many events to choose from this year and so little time.**

**I have been getting out to quite a few shows and events, making sure to get flyers distributed about the Sunburst Strut Your Stuff Car Show. Being this show is now an open show, make sure you drop a flyer in any car at any show. When you are chatting with Vette owners, don't forget to also mention the SCC Autocross Event as well. These are our two big money makers of the year and provide our club the freedom to do everything we enjoy and help our community as well.**

**I think in our 40th year we have a real chance to hit a record number of members. Our record is (164) and we are at (157), so keep some Sunburst business cards in your purse/wallet and make sure to put that friendly Sunburst face on when chatting with other Vette owners. Sunburst can pride itself upon diversity in our Corvette approach, friendliness and a big thing in my eyes, a very mixed club, both male and female. While many car clubs are more a "guys" thing, one of the things I find special about our club is that we all share in events!!!**

**Keep checking the calendar daily for more events; they are springing up fast now, and if you see something that looks good that you would like to plan, give a shout! We will always help.**

**Remember, this is your club, step up, and be part of the fun.....**

**Keep the shiny side up and the dirty side down!!!!**

**Ron Gliot**

July 2017

Vice  
President  
Forrest  
Roberts

**Summer arrives! Cruise Nights, Car Shows, Flash Drives and Road Trips. Keep an eye on the Sunburst calendars for both Sunburst and Non-Sunburst events. There is something going on every weekend and many week nights. Enjoy your Corvette however best suits your interest.**

**While this issue is posted, many of us will be on the Rolling to Bowling trip. Many months in planning, this is a celebration of Sunburst Corvette Clubs 40<sup>th</sup> Anniversary. Commemorative bricks will be unveiled at the National Corvette Museum, we'll tour the museum, drive the Motorsports Park track, tour bourbon distilleries and try our luck with the horses at Churchill Downs. And yes, dine. Kris Jensen and Rich Orr have worked diligently to arrange this trip.**

**Advance planning for a trip to Pennsylvania next May has begun. Several optional stops along the route to Falling Water are under consideration. If you are thinking about this trip, please complete the Registration which accompanies the Flyer in this issue. Driver input will help select those optional sites and permit hotel investigation. Though next May is a long-time away, to schedule and guarantee our tour date/time at Falling Water, it is necessary to commit our group in December. We would appreciate Registration forms from those considering the tour by Labor Day.**

July 2017

Governor  
Lee  
Douglas

**Hello Everyone**

**I am going to keep it short.**

**Everything is going well with our 3 sanctioned events.**

**Our first Harley Cookout was a huge success as you will read below.**

**We will be in Bowling Green when this is posted so I am on vacation.**

## National Corvette Museum - NCM

### 2017 Corvette Stats Available

General Motors has released the final 2017 model year Corvette stats. A total of 32,782 Corvettes were produced: 34.3% Stingray Coupe, 30.2% Grand Sport Coupe, 18.9% Z06 Coupe, 7% Stingray Convertible, 6.2% Grand Sport Convertible and 3.3% Z06 Convertible.

Once again, automatics more than doubled the production of manuals at 77%. The 1LT package was the most popular for Stingrays and Grand Sports, while the 3LZ package was the most popular for the Z06.

For colors, Arctic White was the most popular with 18%, followed by Watkins Glen Gray with 17.7%, Black with 16%, Torch Red with 14%, Admiral Blue with 9%, Blade Silver with 6%, Long Beach Red with 6%, Corvette Racing Yellow with 4%, Black Rose with 4% and Sterling Blue with 2%. Note that if you add the two shades of red together, then "red" would be the most popular color with 20%.

## Vettes Viewing Vermont - 2017 By Sunburst Corvette Club Sept 30 to Oct. 7, 2017

“ You will be able to stand in front of this waterfall [ Moss Glenn Falls ] and and take the best selfie of your life . Join us for the Vettes Viewing Vermont “

The trip is about having a good time with Sunburst members and enjoying a kaleidoscope of colors against the backdrop of the Green Mountains. What I looked for is: Scenic highways, top tourist attractions, double stay hotel locations, low mileage in Vermont, something special.

If, at all , interested....send me your email address to: [winemaster4@comcast.net](mailto:winemaster4@comcast.net). I will provide a fact sheet with web site references.

Keep cruising

## WRIGHT WRIDE 2018

Have you heard of Fallingwater? It's a magnificent home designed by Frank Lloyd Wright in a stunning setting astride a waterfall. Built in the 1930's, it is located about 60 miles SE of Pittsburgh PA. For those interested in architecture or FLW, it should be a must see. Marilyn and I toured Fallingwater in 2011 and have decided to make a return visit. We think it might interest other Sunburst members.

### Planning Information:

Here are some basics. Links with more details are supplied below. Distance is 550+ each way. Four days/3 nights.

**Saturday, May 5, 2018** – Assemble, then depart after breakfast. Drive 150 miles to South Bend IN. The Studebaker Museum (cost: \$8, \$6.50 over 60) <http://studebakermuseum.org/> or the Campus at the University of Notre Dame <http://map.nd.edu/> are proposed sites to visit. Lodging and Dining TBD

**Sunday, May 6, 2018** - Drive approximately 400 miles and overnight near Fallingwater. Lodging and dining venues TBD.

**Monday, May 7, 2018** – Tour Fallingwater beginning at 8:30. These will be the In-Depth Tours, approximately 2-hours in length. Interior photography will be permitted. Tickets are \$80 per person and tour groups (we may require more than one) are limited to 10 people each. Abundant springtime flora adds to the experience.

### Consideration:

*Walking and Stair Climbing are involved for this tour. It is a ¼ mile walk between the Visitor Center and house. There are approximately 100 stairs throughout the multi-level house tour. No facilities or seating available in the home.*

*For any visitors with limited mobility, a shuttle is available to/from the Visitor Center and house.*

### Add-On Option:

*Kentuck Knob -Nearby is another FLW home designed in the 50's and of his Usonian style. Tickets are \$25 and tours are approximately 40 minutes in length. This is a second FLW home tour which could be added Monday afternoon.*

### Monday, May 7, 2018 - (Continued)

Lunch at Fallingwater Café in the Visitor Center. Drive approximately 150 miles toward home to a hotel - maybe around Akron OH.

Or, drive approximately 300 miles to Findlay, OH and schedule a tour of Dietsch Bros. <http://www.dietschs.com/> – our 40th Anniversary Banquet candy purveyor. Lodging and restaurant TBD

### Tuesday, May 8, 2018

Return home, approximately 400 miles from Akron. Or, tour the candy factory and drive approximately 325 miles from Findlay, OH.

Tour and Ticket information about Fallingwater: [www.fallingwater.org](http://www.fallingwater.org)

Tour and Ticket information about Kentuck Knob: [www.kentuckknob.com](http://www.kentuckknob.com)

Even if you only think you might join us we would like to know soon to begin searching for lodging and dining. Tickets for 2018 go on sale mid-December and sell out far in advance. Will require payment by then to guarantee the house tour.

## FOR SALE

### C5 - 2001 Parts

C5 Corvette GM (N73 Option) Speedline Magnesium Wheels, plus Tires  
NOW \$1100

RARE OEM (N73 Option) Corvette Magnesium wheels set of 4 . Manufactured by Speedline in Italy for GM, they are no longer available.

They were a \$2000 to \$3000 option depending on model year. They were also limited to Exported Corvettes and an estimated 233 sets were sold domestically. These wheels are in very good condition. There is no curb rash or cracks on any of the wheels. There is a small scratch that was touched up on one of the rear wheels by the valve stem. The inner wheels are also in very good condition with a few marks from wheel weights and stones. I had purchased these rims in 2014 and installed New 2001 to 2004 tire pressure sensors at that time. The tires have a good amount of tread left. There is some inner tire wear on the front tires. Also included are the lug nuts, locking lugs with key and the lug nut covers.

2 - Front 17" X 8.5", 5 Lug, 4.75" bolt pattern, 60mm offset

2 - Rear 18" X 9.5", 5 Lug, 4.75" bolt pattern, 65mm offset

## 2017 Charitable Organizations

Honor Flight Chicago was founded to recognize Chicago-land's World War II and Korean War veterans by flying them all-expense-paid to Washington DC for a day of honor, remembrance and celebration. Currently we are flying WWII and Korean War veterans, but we are accepting applications from Vietnam War veterans for future flights. After we have reached out to all WWII and Korean War veterans who are interested, we will begin flying Vietnam veterans to Washington DC.

The Build Team was born out of a shared vision to give back to the community. What started as a brief discussion on a Sunday afternoon, led five business and professional leaders to come together to help local families in financial need with essential home repairs. The Build Team was launched in 2014 with the commitment of efficiently and effectively utilizing its resources and donations to meet those charitable objectives for families in Northwest Cook and surrounding counties in Illinois. The Board of Directors approved our first project in June. In August, the IRS approved our tax exempt status as a 501(c)(3) charitable organization.

Miraculous Multiples Mothers of Twins Club (MMMOTC) is a non-profit support and social group for mothers (or expectant mothers) of multiples (twins, triplets, or more) in the McHenry County area. Membership is open to all mothers of multiples (natural or adoptive).

Pioneer Center for Human Services is a 501(c)3, non-profit charitable organization that provides direct services to thousands of individuals each year. The organization also provides education and outreach to schools and community organizations reaching over 10,000 additional individuals.

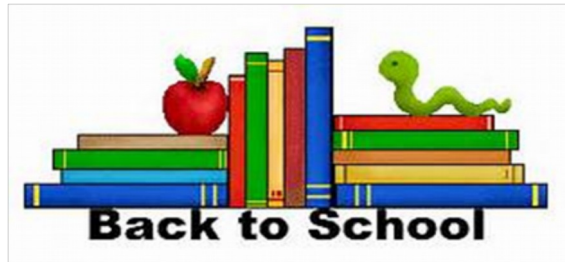

**Crystal Lake Corps**

The Salvation Army is an International, Evangelical Christian Church dedicated to providing individuals worldwide with spiritual, physical, social and emotional support. Our organization is made up of thousands of officers, soldiers, adherents, employees, volunteers and other individuals all working together to bring the Gospel of Jesus Christ to all people, as well as struggling to meet the physical needs of those less fortunate.

The Salvation Army is a nonprofit, tax-exempt charitable organization under Section 501(c)(3) of the Internal Revenue Code. Donations are tax-deductible as allowed by law.

FUNDS RAISED FOR ST. JUDE

**\$50**

1% \$5,000

We are raising funds to support St. Jude Children's Research Hospital's lifesaving mission of finding cures for children battling cancer and other life-threatening diseases, and we need your help to reach our fundraising goal.

How your donation helps:

- Families never receive a bill from St. Jude for treatment, travel, housing or food — because all a family should worry about is helping their child live.

# Charity News

Dear Lee & Mehlinae,

Thank you for your gift on behalf of Sunburst Corvette Club - Crystal Lake, Illinois.

You're helping us with the St. Jude mission: Finding cures. Saving children. Here's how:

- Thanks to donors like you, families never receive a bill from St. Jude for treatment, travel, housing or food — because all a family should worry about is helping their child live.
- St. Jude continues to change the way the world treats childhood cancer and other deadly diseases. Because St. Jude shares its groundbreaking research freely, one child saved at St. Jude means thousands saved worldwide.

Our founder Danny Thomas dreamed that "no child should die in the dawn of life." Today we're closer to that dream because of your gift.

Did you know that many employers sponsor matching gift programs and will match charitable contributions made by their employees? Please visit [www.stjude.org/matchinggifts](http://www.stjude.org/matchinggifts), ask your employer or call us at 800-871-2759 to determine if your gift qualifies for matching.

Thank you for your donation to St. Jude Children's Research Hospital. Please note that you'll receive a donation acknowledgement letter in the mail for tax purposes.

Sincerely,  
Your Friends at St. Jude

# Charity News

On June 8, 2017 16 members of sunburst met at the McHenry Harley Davidson dealership to help with serving hamburgers, hot dogs and brats to 100's (literally 100's) of Harley enthusiasts. The food, chips, water and soda were provided by McHenry Harley and Sunburst members provided the labor.

Harley riders and passengers were given the opportunity to donate to St. Jude Children's hospital. As is evident by the amount of \$1315 just donated to St. Jude's in the name of Sunburst Corvette Club, the bikers were enthusiastic in their support of the hospital and children.

Sunburst members donating their time were Karen Baird (along with her son Nick, and his roommate Bawa), Julie and Dave Thomas, Jo and Bill Hoak, Rich Orr and Kris Jensen, Mike Stevens, Tom Marks, Mark Pippel, Ron Gliot, Lee and Mehlinae Douglas (with daughter Nikki and her friend Chris).

A good time was had by all, Not only was it a great fund raising effort, but a Fooder, as well!

# Corvette History and Interesting Facts

## C7 The Newest Generation (2014 - Present)

2014

2014 marks the introduction of the seventh generation Corvette... the C7..

The new LT1 6.2L V-8 base Corvette engine delivers 455 HP, 460 lb-ft torque (+5 in each with the addition of the optional Performance Exhaust System).

The 2014 Corvette is the first to be equipped with Direct Injection technology which ensures a more complete burn of the fuel in the air-fuel mixture, improving combustion efficiency and thus contributing to increased power and fuel economy.

2015

Active Fuel Management, or cylinder deactivation, is a first-ever application on corvette and helps save fuel by imperceptibly shutting down half of the engine's cylinders in light-load driving.

The big news for 2015 was the introduction of the C7 Z06 featuring a brand new 650 HP supercharged LT4 engine. For the first time, the Z06 could now be ordered as a coupe with removable roof panel or a convertible with a choice of a 7-speed manual transmission or new 8-speed automatic.

2016

For 2015, the previously optional Performance data Recorder (PDR) was included at no extra charge with the Navigation system.

Every 2016 Corvette Stingray comes with a flat-bottom steering wheel and Magnetic Ride Control is available as a free-flow option on any 20196 Corvette.

The big news for the 2017 model year is the return of the Corvette Grand Sport, combining the styling and handling of the Z06 with the base 460 HP LT1 engine.

2017

2017 offered a Grand Sport collector Edition featuring an exclusive Watkins glen Gray Metallic exterior and Tension Blue hashmark graphics, satin black full-length stripes, black wheels and a unique Tension Blue full leather and suede-wrapped interior.

Trivia information was found on the Roger's Corvette Center Website:

## Two Minute Tech Tips

Jim  
Downing

**If you have the 2LT or 3LT, 2LZ or 3LZ, etc option package on a C7:**

**When we remove the targa top on our C7, the hole in the windshield frame where the left-front targa locator pin sets, has a very small micro switch inside. I've been told that this switch is designed to deactivate the interior motion alarm when the top is removed, so a leaf blowing into your car while parked and locked, won't set off the alarm. Convertibles may be similar but I don't have one to check.**

**Be careful putting anything (like a flag for parades) into that hole, so you don't damage the switch. Objects with a rounded end like the targa pin should be okay. The C7 Flag Caddy is supposed to be designed to not hit the switch, a home-made version might not be safe. When I learn more, I'll tell everyone.**

This contemporary breakfast and lunch café opened its doors in February of 2008. You'll find plenty of breakfast basics here, but we're also well-known for our decadent twists on the regulars... like stuffed French toast, blueberry bliss cakes and berry explosion waffles. Savory options include and avocado-topped breakfast quesadilla and potato skins filled with scramble eggs, ham, peppers and cheddar cheese.

Brunch Café is perfect place to start your Corvette day. There's plenty of parking and the service and food are both exceptional!
