Message from The President

President

Doppelt

Hello fellow Sunbursters!

It's September and the summer is flying by. The kids are going back to school and Football season is gearing up! You might think that our Chicago Corvette season is coming to an end, but as a Sunburst member, we have lots of activities still to go!

We just wrapped up our Seat of our Pants Autocross event coordinated by Mike Moushey and Mike Stevens. Thank you to all of the great volunteers that helped make this 2-day event a great success.

To celebrate Sunburst's 45th anniversary as a Corvette Club, we had a fun summer picnic. The weather held up and everyone had a great time. There was a Connect 4 game challenge, and Dave Thomas was the grand champion!.....and need I mention all the FOOD! Thank you to the 45th anniversary committee and Mike and Dee for arranging for us to use their clubhouse.

Our biggest fund-raising event, Struttin' Ur Stuff Car Show is on Sunday September 18th. I encourage all of our members to wash and wax their cars and bring them to the show! We are expecting a huge turnout this year so we need YOUR help to make this a success! We should have our chosen Charities at the show, so stop by their booth to say hello and find out more about what they do in our community.

Don't forget you can put together a Flash Drive at any time to your favorite ice cream shop or restaurant! Just post it to our Groups.io list!

At the October membership meeting we will be forming a nominating committee that will start the process of electing the Sunburst Board Members for 2020. If you would like to serve on this short-term committee, please contact me. If you are interested in serving on the Board, talk to me or one of the other board members to get an idea what is involved for a particular position. Any position is subject to challenge, so don't assume that you can't run just because there is not a vacancy. We can always use fresh views and new ideas.

Enjoy the great weather!

September 2022

Greeting Sunburst Members,

Well, the kids are back in school and days are starting to get shorter – a harbinger of things to come. We better not squander these great days of fun driving. In the Midwest Region the competition calendar is pretty bare, except for a couple of rallies in New Lenox, IL on the 25th.

The next autocross event will be back at McHenry County College on the 15th and 16th of October. Sunburst will be joining with Northern Illinois Corvettes, Windy City Vettes and Northern Rays to put on this last event of the 2022 season. Once again, we will need your help to put on a safe and fun driving event. We're hoping for a good turn-out of drivers and volunteers for this autumn classic. We shouldn't be sweating our backsides off in October.

Without getting into a long description of competition points, I would like to point out that Sunburst is now in 9th place out of 24 clubs in the Midwest Region. We still have the October autocross events, mentioned earlier, to accrue more points for the Club and I anticipate that we will move up in the standings when the season is all over. As for Club standings, this year it looks like Mad City Vettes will be the top club for 2022. This is the first year that I can remember that Windy City Vettes will not be Club Champion.

The national and regional NCCC Governors meetings will be held in St. Louis on September 9 & 10. Pat and I will be there for some important discussions on by-law changes and the nomination of officers for 2023. I anticipate some spirited discussions on some significant issues.

Although our Car Show is not an NCCC sanctioned event, I look forward to seeing all of our members at the show. This is a great opportunity to show off our cars and be great hosts to other members of the car community. Here's hoping for a beautiful day and a record turnout.

Mike Stevens, Governor

45th Anniversary Sunburst Mini Fall Color Run

October 1st 2022 - October 2nd 2022

This trip is full and all spots are taken.

The National Corvette Museum Announces Driven By Design Exhibit

The National Corvette Museum (NCM) announced its plans to open Driven by Design, a 6,500-square-foot exhibit focused on the history of Corvette's design process and the stories of the diverse group of individuals responsible for the most iconic sports car design of all time. This long-term exhibit, located in the museum's Design and Engineering Gallery, has been planned by the museum's curatorial staff along with co-curator, Retired GM Design Chief Tom Peters, for several years and was designed to inspire, educate, and entertain National Corvette Museum guests. This dual-focus exhibit uses interactive elements, artifacts, hands-on objects, and motion-activated content to help guests learn about the design history of the Corvette. The exhibit will open to the public on September 21, 2022.

The exhibit will feature Corvette's Vice Presidents of Design beginning with Harley Earl in the 1950s through Mike Simcoe today. The exhibit will also reveal the lesser-known stories of those who worked out of the spotlight but were no less influential in creating the lines that would shape the auto industry. Additionally, this exhibit shines a light on the diversity of the individuals responsible for Corvette's iconic design.

According to Bob Bubnis, Curator of Collections and Exhibits Manager for the National Corvette Museum, it's important to celebrate that diversity. "This exhibit reveals the significance of individuals like Larry Shinoda, an Asian-American designer, and Tony Lapine from Germany, who both worked together on Corvette not long after World War II – during a very challenging time in America. This exhibit also shares the history of women in design, from the 'Damsels of Design' in Corvette's early days to GM Creative Designer Darby Barber, working on the cars of tomorrow. Corvette's story is truly the story of America – where innovation and ingenuity are not bound by any societal construct."

This exhibit also provides a full overview of the intricate and exciting process of designing a car, from sketches and renderings to clay and prove-out models. From exterior and interior design to future-looking projects and designs. With the use of interactive elements, guests will see the actual tools and models that led to the Corvettes seen on the road today.

According to Leah Craig, Manager of Collections and Educational Programming, this part of the exhibit is going to reveal the full scope of what it actually takes to design a car. Craig said,

“Portions of this exhibit are motion activated to help us tell the story of car design. Guests will walk into an area and hear from sketch artists about their process. As guests continue through the exhibit, they’ll find out about how clay modeling occurs and even get to see a car being drawn from scratch on an art table. We really are offering a full experience here for anyone who has ever been curious about how a car is designed.”

Driven by Design will include a 1963 Corvette donated specifically for this exhibit by Manny Balale, the 1957 Corvette SS designed for racing under Harley Earl, and the 1961 Mako Shark concept Corvette. According to National Corvette Museum President and CEO Sharon Brawner, “We hope this exhibit will motivate young people to pursue their dreams and help them look beyond their limitations – real or perceived. This team has spent countless hours creating Driven by Design to pull back the curtain on the auto design process, and we hope that this exhibit inspires the next generation of engineers and designers.”

This multi-year exhibit, made possible in part by Elfi’s Silver Pearl Sisterhood – a women-driven organization of philanthropic Corvette enthusiasts, will experience a yearly refresh to bring in other important cars and to tell additional stories. According to Bubnis, “As Corvette advances for each generation, we will continue to add to the Driven by Design exhibit space.”

Sunburst Corvette Club General Membership Meeting Minutes - 8/4/2022

Opening

President Loren Doppelt called the meeting to order at 7:02 pm.

The greeters for tonight filling in for Kristine DiGirolamo are Patti and Scott Schulz.

Loren welcomed guests Rich Mullis, with a 1995 White C4; Mark and Faith Lill, with a 1958 Silver Blue C1, and new members Steven Adams and his companion, Kitty Fan, also with a 1958 C1 who we met at the Rainbow Cone flash drive.

Loren asked for a motion to approve the minutes from the July 7, 2022 Membership Meeting. Stephanie Doppelt made the motion to approve the minutes, Jim Downing seconded the motion, and the motion unanimously carried.

Corvette Arrivals – Jeff and Pam Tidabeck purchased a 2014 Laguna Blue C7; and Skip and Diana Gallagher purchased former Club members' Soren and Marilyn Backe's 2014 Crystal Red C7.

Diana Gallagher spoke about Marilyn Backe's illness. Steve MacCabe's condition was mentioned as well as Cathy Samuel's health.

Officer Reports

Vice President – Jill Gray. Jill had nothing to report.

Treasurer – Leo Casanas. Leo reported that the financials are in good order.

Secretary – Sue Thorson. Sue requested that everyone speak clearly and loudly as there is background noise at the meeting.

Governor – Mike Stevens. Mike said July was quiet with NCCC. The 2023 NCCC convention is going to be at Bowling Green along with the 70th Anniversary of the Corvette. There will be a number of competitive events and road tours.

Charity - Stephanie Doppelt. Stephanie indicated she was ill the day she, Dave and Julie were to deliver the donated school supplies to Salvation Army so Loren substituted for her.

Sunburst CC Meeting Minutes

Secretary
Sue
Thorson

Stephanie has contacted all five of this year's charities about attending the Club's car show in September, but she has only heard back from one of the charities so far.

NCM Ambassador – Scott Schulz. Scott mentioned that new members should speak to him regarding National Corvette Museum membership.

The NCM's 28th Anniversary event is September 1 through September 3. The Museum is having presentations from GM and usually there is a presentation from the marketing group showcasing some of the new features on the Corvettes, as well as a bunch of drives.

The Museum also has some museum-in-motion events including One Lap of Kentucky, a three or four-day event with Kentucky State Police leading the lap, which runs through September and the first week of October. The Museum is also sponsoring a National Park tour event in Arizona.

Newsletter – Patti Schulz. Patti told us that the next due date for articles for the Club newsletter is Sunday, August 21.

Webmaster – Gary Gembala. Gary was not in attendance.

Apparel – Connie Borucki. Connie will discuss apparel at the 45th Anniversary Committee's portion of the meeting.

Sergeant at Arms - Dave Thomas. Dave collected one whole dollar from Erin Risch.

Jill Gray took the meeting Facebook picture.

TEN MINUTE BREAK

Goodwill – Andy Pollina & Nancy Nance. Andy and Nancy are out of town, and Diana Gallagher is filling in for them. Ed Armatys won the birthday drawing for the Galati's gift card.

Historian – Lynda Christopher. Lynda presented pictures from the Crystal Lake Parade and the Christmas in July event.

2-Minute Tech – Jim Downing. Jim mentioned that cellular service on OnStar will be discontinued in February, 2023 on GM cars 2015 and older. You can check GM's website to see what services will be dropped. Jim also mentioned that you should check your air filters.

Eric Kiernan gave us a bonus tech tip for C7s. Anyone with a C7 should check to see if there is a part closing the gap in the seatbelt holder to keep the seat belt in place. He showed us the part he purchased that slides onto the seatbelt holder, and he thinks he can make them from edge trim molding.

Center for Independence

The mission of the Center for Independence is to help children and young adults with physical disabilities, like cerebral palsy, achieve their highest level of independence in the home, school, community and workplace. We provide Conductive Education therapy programs that develop life skills and motor function in a matter that promotes positive self-reliance, self-esteem and an "I Can" attitude. We have three convenient locations throughout the Chicagoland area. No child is ever turned away due to inability to pay!

Paws for Pure water

PAWS consists of a small group of women who's mission it is to make and sell mittens, which in turn funds wells in Africa. To date we have funded 16 wells, which come at a cost of \$7,500 each and that is an average sale of 200 mittens. Since we started 7 years ago we have made over 3,000 mittens and made \$112,500.00. All of our mittens are handmade using recycled wool or cashmere sweaters that have been donated or purchased at resale stores. We are dedicated to raising as much as we can, using 100% of our profits, and finding the most competent and economical resource to build clean water wells in deeply impoverished areas of the world.

Pioneer Center for Human Services

Pioneer Center provides three pillars of Human Services to the McHenry County community. Our Intellectual & Developmental Disability (IDD) Services programs promote independence by offering life skills, community inclusion, vocational training and residential programs, each striving to help every person live life to their fullest potential. Behavioral Health Services (BHS) is a collection of programs designed to help youth, adults and families succeed. The support ranges from therapy at our Child & Family Therapy Center, residential program to community support wherever the individual is in need. We operate a 24 hour PADS Emergency Homeless Shelter meeting people's most basic human needs of shelter, food and community support through programs that are designed to assist people experiencing homelessness.

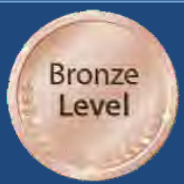

Purrfect Cat Rescue

As animal lovers, we have dreamed of creating a non-profit 501c3 rescue organization in which we could place cats into forever homes with the utmost loving families. Our mission is simple: rescue, shelter, and re-home cats in need. Our goal is to provide a cage-free, no kill shelter environment for the kittens and cats waiting to be placed. We have the perfect building for our rescue. It has everything for our furry friends. Lots of space for cat trees and kitty beds, loads of room for them to stretch and exercise and lots of windows to watch the birds while awaiting their new forever home. An isolation room for newcomers to adapt and get medical attention, a kitten room for our littlest friends. Come for a visit and fall in love today!

Healthy Lombard

Ten community organizations joined together in the Village of Lombard in 2009 to make a difference in the health of future generations. They created Healthy Lombard, a non-profit, 501c3 initiative, to address the epidemic of childhood obesity and to promote a healthy lifestyle for everyone. In an effort to address the stress-related trauma children and their families are experiencing because of COVID, in 2020, Healthy Lombard added a Social-Emotion component to its resources for healthier living.

Committee Chair Message Board

Hello all,

Happy 1st day of summer and I hope you're staying cool! I have several apparel updates to share with you. First, we have a new State Graphics apparel representative and his name is John Langlois and he asked that I copy him in on this communication. I have already engaged in quite a few conversations with him and have found him to be very responsive and flexible. He is very apologetic for the difficulties our club has experienced and has communicated our business relationship is important to State Graphics and he has given his word it will be smooth sailing moving forward. He is hoping to be able to attend a club meeting in the near future.

He is located in the main building near the reception area at the Lake Barrington location and has advised you do not need an appointment to drop off or pick up apparel. He just asks that you call or email to let him know you are coming and approximate time. It would be helpful if you include Sunburst Corvette Club in your subject line if you email him. Please complete the attached order form and bring the form with you. He has promised we will no longer experience long delays when dropping apparel items off for embroidery/screening and lead times moving forward will be 7-10 days.

His contact information is as follows:
